

61.99.01.E0.01 **Records Management**

Approved November 25, 2009
Revised July 31, 2015
Revised October 30, 2020
Revise February 17, 2026
Next Scheduled Review: February 17, 2031

Supplements System Regulation 61.99.01

Standard Administrative Procedure Summary

The Texas A&M Engineering Experiment Station (TEES) will maintain an active and continuing state records management program, in compliance with federal and state law.

Definitions

Unless otherwise stated, all terms used in this SAP shall have the meaning assigned by System Regulation 61.99.01.

Procedures and Responsibilities

1. GENERAL

The Agency Director shall designate an individual as records officer (RO) to manage the retention and disposition of state records and shall notify the system records management officer (RMO) of such designation.

2. RECORDS OFFICER RESPONSIBILITIES

2.1 The RO ensures that The Texas A&M University System (System) Records Retention Schedule (Schedule) lists all the records series created or received by and maintained by TEES. The RO will periodically survey records and provide the System Records Management Officer with a written list of proposed changes to the retention schedule.

2.1.1 The RO will identify records subject to internal, state, or federal audits in addition to those listed on the records retention schedule, if any, and ensure that TEES is in compliance with auditing requirements.

The Texas A&M University System

Texas A&M Engineering Experiment Station (TEES)

2.1.2 The RO in cooperation with the division records coordinator and division head will identify records with historical significance and ensure that they are preserved.

2.2 The RO develops procedures for the retention, disposition and security of records. These can be found on the [Ethics and Compliance Record Retention page](#).

2.2.1 Special attention will be given to vital, archival and electronic records, and litigation holds.

3. RECORD RETENTION

3.1 The record copy, including electronic formats, should be readily accessible for any purpose, such as business purpose, public information requests, audits, or litigation.

4. DESTRUCTION OF RECORDS

4.1 Records may not be destroyed or otherwise disposed of without the written approval of the RO using the records destruction form located on the [Ethics and Compliance Record Retention page](#). Note that all records related to a research project must be maintained in accordance with the retention period for the research project.

4.1.1 This requirement does not apply to duplicates, convenience copies or transitory information, which can be destroyed when the purpose of the document has been fulfilled.

4.2 Records listed on the retention schedule cannot be destroyed until the designated retention period has expired and the RO has approved the destruction. The retention periods on the schedule apply only to the record copy.

4.2.1 A record cannot be destroyed if any litigation, claim, negotiation, audit, open records request, administrative review, or other action involving the record is initiated before the expiration of the retention period. The record must be retained until the completion of the action and the resolution of all issues that arise from it, or until the expiration of the retention period, whichever is later.

4.3 State records not listed on the records retention schedule cannot be destroyed until the system records management officer obtains written approval from the Texas State Library and Archives Commission.

**The Texas A&M University System
Texas A&M Engineering Experiment Station (TEES)**

- 4.4 Destruction of records must be done in a manner that ensures protection of sensitive or confidential information.
- 4.5 The final disposition of records must be documented by the RO.

5. TRAINING

- 5.1 A records coordinator for each division shall be appointed and this designation shall be communicated to the RO. Required training will be assigned to the division records coordinator.
 - 5.1.1 Division records coordinators will be required to take the system TrainTraq course 11015: Retention of State Records every two years. Division records coordinators can require that additional personnel take the training at the division's discretion.
